

# **Actions for Industry**

-

# **Programme of IEEE France Section**

Frederique Vallée  
France Section Chair  
[frederique.vallee@sarl-fandco.fr](mailto:frederique.vallee@sarl-fandco.fr)

# IEEE France Section Objectives

---

Since January 2017

- Encourage industrial participation to IEEE activities organized in France
- Introduce IEEE and its activities
- Show benefits to attend
- Improve France IEEE industrial membership

# Organization

---

A Section Industry Ambassador has been appointed in January 2017

Joe Wiart

[joe.wiart@telecom-paristech.fr](mailto:joe.wiart@telecom-paristech.fr)

# Action Plan

---

- Identify industrial concerns and challenges
- Organise specific workshops dedicated to these topics
- Nominate more regional and technical specific SIA
- Promote and support industrial workshop organization
- Help attendees networking within the IEEE Section and Chapters chairs

# Workshops Patterns

---

- Agenda
  - Introduction to IEEE
  - Speaker(s) on the selected topic
  - Cross fertilization
  - Networking (cocktail or lunch)
- Duration: 4 hours
- Occurrence: 2 workshops per year per SIA

# Achievements

**2017 July 4<sup>th</sup>**

- GE-IEEE France: Data science and energy
- 3 speakers
- 55 participants

# Achievements

## *2018 Mars 30th*

- Nokia-IEEE France: 5G's challenges
- 4 speakers
- 130 participants

# Achievements

---

***2018 October 11th***

- SEE-IEEE France: Blockchain and energy
- 4 speakers
- numerous participants expected!

# More Section Industry Ambassadors

---

- ***Alexandre MONTIGNY (GE)***
- ***Christophe GRANGEAT (NOKIA)***
- ***Bruno MEYER (RTE)***

# Next steps

---

- 2 Workshops are under preparation
- Going on with GE
  - 29<sup>th</sup> of November
  - Towards a decentralized and decarbonated electricity industry
- New event with IEEE Wien (Clara Nepel)
  - Digitizing Transportation

---
